KurzbeschreibungThe ghostly figure haunting the house in the remote Oklahoma hills confesses that he isn't actually dead, not yet. Lynne Hallam, working hard at researching the journals of Maud Bailey Sandford at the late author's isolated ranch home in the red hills has an unexpected visitor that nobody else can see. In hIs last minutes after a terrible accident, Moss has demanded not justice, but grace from the universe and is convinced that the lovely Lynne has been sent to him to balance the scales of an unfair fate.The Ghost and Miss Hallam first introduces characters featured in the Lavender, Texas Trilogy. Each book is complete in itself, but the trilogy is more interesting if the books are read in order. This first book is actually set in western Oklahoma and only starts down the road that leads to time-locked Lavender, Texas. The other two books are: Letters From Another Town and Leaving Lavender.
