you! From the very beginning there is a constant feel of threat throughout the entire novel. Even the more serene moments only remind the reader that the danger is always present like the sword of Damocles. I so loved Doren and August! Doren, the rising rock star. Blessed with fantastic looks he is spoiled but has a good heart. And a gift. It connects him to all things around him and most of all to August. But August thinks he knows all about the life of rock stars and so he tries hard to avoid falling in love with Doren. It is very easy to really hate their adversaries, Anton and Morana. They are pure evil with powers of their own. They are trying to use Doren's gift for their own purpose and only August is the beacon of light that stands between Doren and them. The weight to prevent Doren and the world falling into darkness rests on his shoulders. And the odds against the two boys are overwhelming. The story is fast paced and full of drama. And being told back and forth from different points of view add a lot to the thrill of reading and it even picks up pace towards the end until it ends in an exciting dramatic climax. Henley really pushed his characters this time. The stakes are very high because a life doesn't mean anything to Anton and Morana. This is a fight of good against evil Light against darkness. I totally fell in love with the story! Once I started reading it was impossible to put it aside. Mindblowing in every aspect!

Kurzbeschreibung Doren was born with a powerful gift a gift he's managed to use to put him well on his way to becoming a star. But there is more to that gift than just musical talent, and as careful as Doren is to hide that fact, there are some who know of the power behind the sound, and all the ways they could abuse it. August's goal in life is simple: make an impact in the music industry. An opportunity to work as the personal assistant to Doren seems to be exactly the kind of break he needs to accomplish that goal. But all too often in life, simple becomes just another complication, especially when there are people whose goal is even simpler: destroy and dominate.
