If you like this comic you will absolutely like his books. If you don't like it you should probably read it more often.Ok, this is a

book about sex. So there inevitably will be sex - a lot of it. But despite this fact, you will discover some very exciting lines. There are 14 short stories in the book and every one can fill your head as much as every other 'full sized' story. Even the strangest situation is described as real and as emotional as it could be. You will be cheering, you will be shocked and you will be frightened and sometimes all at the same time. It is this strange feeling that makes Joey Comeau's writing so brilliant.

Kurzbeschreibung This is a book of dirty stories. It is a book where sex is fun and good and people are kind to each other. Also there are ghosts and there is math and there are obsessive compulsive disorders. These stories are weird and fun and often bewildering, like sex itself. Maybe you will like it!
