**Von Davide Giglioli : The girl who stood men up (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The girl who stood men up (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. the girl who stood men upVon Barbara TSUKAHARAEntertaining witty and funny. Once you started, you simply don t want to put the book down. The author has captured places and human nature quite well. To me the father is more than happy to help his daughter out. Does she not remain this way, HIS precious little daughter. Looking forward to Davide's next book.

Kurzbeschreibung George has a problem: his daughter lacks the courage to break off her relationships. So she asks him for help: Dad, can you please go on the final date with my boyfriend? Powerless to resist, George accepts the assignment. And so he starts playing a game that will allow him to rediscover, amid the tedium of everyday routine, the beauty in his own life.
