Von Henry James : The Golden Bowl (Illustrated) (English Edition) before purchasing it in order to gage whether

or not it would be worth my time, and all praised *The Golden Bowl* (Illustrated) (English Edition):

Kurzbeschreibung Set in England, this complex, intense study of marriage and adultery completes what some critics have called the "major phase" of James' career. *The Golden Bowl* explores the tangle of interrelationships between a father and daughter and their respective spouses. The novel focuses deeply and almost exclusively on the consciousness of the central characters, with sometimes obsessive detail but also with powerful insight. Pressestimmen "It is well written, the introduction useful, and the paperback price makes it acceptable for students." --Edna L Steeves, Univ. of Rhode Island Kurzbeschreibung Set in England, this complex, intense study of marriage and adultery completes what some critics have called the "major phase" of James' career. *The Golden Bowl* explores the tangle of interrelationships between a father and daughter and their respective spouses.
