Von Larry Niven, Matthew Joseph Harrington : The Goliath Stone before purchasing it in order to gage whether or not it would be worth my time, and all praised The Goliath Stone:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Glib funVon Jamie V.It recalls some of Michael Crichton's work with its loose, fast and glib dialogue, making this book a

great deal of fun to read. The premise of the story is simple and a bit too predictable, but it is really only a vehicle for the characters. As a piece centred around character analysis and interaction, there are a few to keep this interesting. Not enough intervention for an exciting read. The book simply seems to follow its plan. No real surprises. 0 von 0 Kunden fanden die folgende Rezension hilfreich. sehr empfehlenswert Von GabiWer SciFi liebt, sollte dieses Buch sowie alle anderen der beiden Autoren unbedingt lesen. Geniale Ideen, die auch sprachlich gelungen umgesetzt werden.

Kurzbeschreibung The Goliath Stone is a visionary tale from Larry Niven and Matthew Joseph Harrington. Doctor Toby Glycer has effected miracle cures with the use of nanotechnology. But Glycer's controversial nanites are more than just the latest technological advance, they are a new form of life-and they have more uses than just medical. Glycer's nanites also have the potential to make everyone on Earth rich from the wealth of asteroids. Twenty-five years ago, the Briareus mission took nanomachinery out to divert an Earth-crossing asteroid and bring it back to be mined, only to drop out of contact as soon as it reached its target. The project was shut down and the technology was forcibly suppressed. Now, a much, much larger asteroid is on a collision course with Earth-and the Briareus nanites may be responsible. While the government scrambles to find a solution, Glycer knows that their only hope of avoiding Armageddon lies in the nanites themselves. On the run, Glycer must track down his old partner, William Connors, and find a way to make contact with their wayward children. As every parent learns, when you produce a new thinking being, the plans it makes are not necessarily your plans. But with a two-hundred-gigaton asteroid that rivals the rock that felled the dinosaurs hurtling toward Earth, Glycer and Connors don't have time to argue. Will Glycer's nanites be Earth's salvation or destruction? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Pressestimmen Who knew nanotechnology could be this much fun? The Goliath Stone is a fast read, filled with fascinating characters and mind-bending concepts. I should have worn a crash helmet. Larry Bond, New York Times bestselling author of Exit Plan The Goliath Stone takes a giant step beyond Lucifer's Hammer into a future so brilliantly rendered that it feels shockingly real. This stunning book is Niven at the absolute top of his game, a sure-fire award-winner and fan pleaser. First-class reading pleasure. Whitley Strieber, New York Times bestselling author of The Grays Niven is a galaxy-class storyteller. Time Magazine
