Von Kim Harrison : The Good, The Bad and The Undead (The Hollows Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Good, The Bad and The Undead (The Hollows Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read, but in some places tainted by sounding like a bad horror movie.Von Kurt KellerRachel Morgan, a witch, Ivy

Tamwood, a vampire and Jenks, a pixy. The three of them together form the private investigation agency "Vampiric Charms". Rachel has to run from a pack of werewolves when trying to bring back a mascot fish which has been stolen from a baseball team. But then she is not paid for her services. Rent is due, though... But soon she is, more or less unvoluntarily, involved into something much bigger and skids into it deeper and deeper. As already the first book in the series, Kim Harrison's writing is capturing, fast paced and full of humor. Lots of fun to read and sometimes really difficult to put away for the night. However, a few passages are quite grotesque. It really would not have been necessary to describe the state of the murdered witches in so much detail akin a bad Friday night horror movie. Bad enough to not not give it a top score. Some of the things which happen in this book seem not to be really relevant to the ending of the story. But that's because this is a whole series and I'm certain one of the next books in the series will pick these things up and then they will be relevant. Also this second book in the Hollows series is full of references to what happened in the first book "Dead Witch walking" and some things might not make so much sense if you haven't read the first book. So if you are going to read some books of this series, do yourself a favour and read them in the correct order.

The second volume of Kim Harrison's urban fantasy series picks up three months after the end of Dead Witch Walking. Rachel Morgan has settled down as an independent runner with Ivy, the abstaining vampire, and Jenks, the pixie, and is happily in love with boyfriend Nick. But of course things soon start to get hairy and she finds herself entangled in the search for a serial killer who is after ley line witches. Is Rachel's old nemesis Trent Kalamack the 'witch hunter murderer'? I have to admit that I am very much in two minds about this book. On the one hand I found the story truly engrossing and wanted to find out what is going on. I am still curious on how the tale continues in the next volume. On the other hand I was more than a little irritated with several of the characters, first and foremost the heroine. At least half of the time I absolutely did not understand the decisions she takes. As in the first volume there also seems to be a bit too much stuff crowded into one book. To the very end of the book I could not decide whether I thoroughly enjoyed it or whether I was annoyed with it. In the end, 'The Good, the Bad and the Undead' is a gripping tale of vampires, witches and demons and readers who enjoy urban fantasy will probably enjoy it.

Von Adrienne Lecter... um die charmant-ironische Hexe Rachel Morgan, ist um einiges rasanter und auch blutiger als der erste Band, Dead Witch Walking. Die Story spielt einige Monate nach dem Ende des ersten Buchs, aber alles scheint beim Alten geblieben zu sein, und Rachels Job birgt zwar so manche Gefahren, aber ihr Leben verluft in fr ihre Verhltnisse geregelten Bahnen. Das ndert sich allerdings, als sie beginnt, dem FIB als inderland consultant zu helfen. Im weiteren Verlauf der Story werden einige lose Fden aus dme ersten Buch aufgegriffen und verknft, alte Animositten leben auf, und einige teils berraschende Zusammenhnge werden klar. Harrison hat in diesem Band ihrer Heldin auch magisch etwas mehr unter die Arme gegriffen, was Stck fr Stck fr eine zunehmend festere Welt sorgt, in der sich die bereits bekannten und tw. einem aqns Herz gewachsenen Charaktere frei entfalten knnen. Kurzum, eine uerst spannende und rasante Story, die Liebhabern des Genres nur zu empfehlen ist.

Kurzbeschreibung From New York Times best-selling author, Kim Harrison, comes the second book in her brilliant series, The Hollows; packed with vampires, werewolves and witches - dont miss out on this sexy urban fantasy. During the last few months, former bounty-hunter Rachel Morgan has been rather busy. Having escaped relatively unscathed from her corrupt former employers, she's not only acquired a vampiric room-mate called Ivy, faced werewolf assassins and battled shape-shifting demons, but has also found the time to pick up a boyfriend (even if he is only human) and open her very own runner agency. But cohabiting with a vampire, however reformed, has its dangers. Ivy's evil vampire ex-boyfriend has decided that he wants her back, and views Rachel as a tasty side-dish. To make matters worse, Rachel's demon mark is the ultimate vamp-aphrodisiac; one that works both ways. The stakes are high, and if Rachel is to save herself and her room mate she must challenge the master vampire and confront the dark secrets she's kept hidden even from herself.
