Von Matthew Reilly : The Great Zoo Of China (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Great Zoo Of China (English Edition):

Habe es verschlungen innerhalb 24 Stunden. Nur schade das es nicht von Michael Crichton ist ! Man htte es auch posthum von ihm liefern knnen. Was schon eine eigene Klasse an Abenteuer und Thriller hatte. Der Vergleich zwischen Jurassic Park,Westworld, Lost World und diesem Buch drngt

sich stark auf. Trotzdem 5 Sterne!!! 1 von 2 Kunden fanden die folgende Rezension hilfreich. It was okay... Von Lofthouse I tore into the book, the storyline absolutely up my alley. But somewhere along the lines the book just lost it for me. Perhaps the part about the dragons which communicate with humans? The little girl miraculously surviving? (Gee, didn't see that coming from a mile away...) The book left me unsatisfied. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Marvellous Von John Van de Velde I love reading books, I love dragons and this book combines the two passions. Matthew Reilly gives another very nicely written book, it reads like a rollercoaster. I never read a boring book from his hand.

Kurzbeschreibung A high-concept, action-packed thriller from the bestselling author of SCARECROW AND THE ARMY OF THIEVES. It is a secret the Chinese government has been keeping for forty years. They have found a species of animal no one believed even existed. It will amaze the world. Now the Chinese are ready to unveil their astonishing discovery within the greatest zoo ever constructed. A small group of VIPs and journalists has been brought to the zoo deep within China to see its fabulous creatures for the first time. Among them is Dr Cassandra Jane 'CJ' Cameron, a writer for National Geographic and an expert on reptiles. The visitors are assured by their Chinese hosts that they will be struck with wonder at these beasts, that they are perfectly safe, and that nothing can go wrong... GET READY FOR ACTION ON A GIGANTIC SCALE Pressestimmen Jurassic Park with dragons instead of dinosaurs... so compellingly written that you get caught up in the furiously dramatic story... THE GREAT ZOO OF CHINA is a blockbuster of a book that tears along at a shrieking pace. SCI-FI NOW I enjoyed The Great Zoo of China from start to finish and found it difficult to put down. It's fun, it's tense, action-packed and rewarding with a subtle humour that offsets all the action and bloodletting. A Hollywood Blockbuster in Book form. SFBOOK.COM The science and the setting of "The Great Zoo of China" make the scenario completely believable. The action is overwhelming, making the reader feel giddy as the pages fly. You will believe that dragons are real. WASHINGTON POST When it comes to thrillers from Matthew Reilly, phrases like 'high octane' and 'intense action' don't even come close to adequately convey how much insanity he manages to cram into every novel. I've come to expect twisty-turny plots that rattle along at a breakneck pace and that I'll be so caught up that I'll be frightened to even blink. The good news is that The Great Zoo of China is no exception to this rule. THEELOQUENTPAGE A very exciting book... I loved every page of The Great Zoo of China. It's undemanding, great fun to read, thrilling, exciting, gory and did I say thrilling? FORWINTERNIGHTS Brace yourself for non-stop action... Fast furious, this is a must read for fans of Matthew Reilly and the action genre. YORKSHIRE EVENING POST 'If you liked Jurassic Park prepared to be totally blown away by this action-packed blockbuster.' PETERBOROUGH EVENING TELEGRAPH Werbetext A high-concept, action-packed thriller from the bestselling author of SCARECROW AND THE ARMY OF THIEVES.
