**Von Royya Carmen : The Ground Rules (Book 1) (The Rule Breakers Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ground Rules (Book 1) (The Rule Breakers Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Suprising!Von NiaNerdiI loved the rules and read it because of that. I was suprised how the story continued to entertain me about two married couples with kids. It was never boring reading, even the casual scences at home an of

course neither the tasty sex scenes ;PLiked it very much, I buy the second book in time.

Kurzbeschreibung 1. Dont sleep around. 2. Dont kiss and tell. 3. Be nice. 4. Dont text or call. 5. Dont fall in love. The rules were simple...until they weren't. I have everything I ever thought I could want: a nice home, a job I love, two beautiful girls, and my husband, Gabe - my high school sweetheart who still rocks my world. If you ask anyone to describe me they would say, "Oh, Mirella? She's such a nice girl." And thats true...until a mysterious, peculiar man and his beautiful wife enter our lives. Weston and Bridget Hanson are no ordinary coupletheyre stunning, enigmatic, and sexy as hell. During the course of one unexpected evening, my ordinary world is turned upside down. How could it not be when Weston and Bridget propose the unthinkable? And when the unthinkable is so very tempting, giving in becomes inevitable. It sounds so logical and simple. Just five rules and we can all have what we desire. But the heart doesn't follow rules, and now passion, jealousy, and confusion threaten to tear everything apart. Two beautiful couples. Five simple rules. One hot mess.
