Von Mandy M. Roth : The Guardians (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Guardians (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Action and some hot RomanceVon RobynThe Guardians are an elite force of supernatural that protects mankind, the innocent. Maddy is a Guardian, hiding in a world of unsuspecting humans. Her one true friend is Brady. Brady knows some of her secrets but not all. Brady has been her friend for a long time. He has protected Maddy and cared for her.

They have shared sexual quips for many years as well, but never taking it to that next level. Maddy is protected by an older vampire elder of the Guardians known as Franco. Whenever Maddy gets herself in trouble Franco is near. Never really understanding her real purpose in life she just continues to do what she has always known to do. Maddy is a critical point in her life. She and Brady have been back and forth with the sexual heat building. One night Brady decides that it is time to test the waters; with that he kisses her. This is the jump start that propels her into her past and seeing what future holds for her and Brady. There is so much packed into this one book. I loved all of the different characters that Mandy thought of. I was hooked from the first of chapter. There is a lot of potential for spins and twists and turns. I think Mandy Roth is a wonderful writer and she never forgets any of the details in her work.

KurzbeschreibungFull-length Paranormal Romance NovelButt-kicking Guardian, Madelyn Mason, is the only female in a sea of supernatural males. College student by day, she spends her nights fighting for mankind--the innocents, the ones who have no clue that the things of nightmares walk among the living.Larger than life Hollywood hunk, Brady Devens, has won the hearts of millions of adoring fans. But, the only heart he wants to win is that of his mate, Madelyn. She hasn't shown an interest in him as anything more than a friend, and hes beginning to think the Powers That Be goofed.In this world of magik, mishap, demons, gods, and pleasure nymphs, anything is possible. Can they find a love that transcends time and space or will the Powers That Be decide maybe they werent destined for one another after all?KurzbeschreibungFull-length Paranormal Romance NovelButt-kicking Guardian, Madelyn Mason, is the only female in a sea of supernatural males. Roth grew up fascinated by creatures that go bump in the night. From the very beginning, she showed signs of creativity. At age five, she had her first piece of artwork published. Writing came into play early in her life as well. Over the years, the two mediums merged and led her to work in marketing. Combining her creativity with her passion for horror has left her banging on the keyboard into the wee hours of the night. Mandy lives with her husband and three children on the shores of Lake Erie, where she is currently starting work on her Masters Degree.
