**Von Margaret Atwood : The Handmaid's Tale (Vintage Classics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Handmaid's Tale (Vintage Classics):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Amazing read!Von igorconnectedA disturbingly realistic depiction of an alternative reality, that could easily happen if theocratic fundamentalists took over powers. In today's world marked by 'traditional' divisive policies, this book is a necessary reminder that women's rights - as well as all minority rights - are to be protected and encouraged. The

alternative, as described in this book, is dark, grim and chilling.0 von 0 Kunden fanden die folgende Rezension hilfreich. Disturbing and frightening Von Kindle-Kunde This eBook has captured my fascination and i could not put it away. The Outlook of living in such a world made me sick. It shows that doing nothing or just watching can be dangerous.1 von 1 Kunden fanden die folgende Rezension hilfreich. The work of a genius. A warning! A must for every woman. ... Von -Kunde A classic of world literature and absolutely thrilling. Seems fully up to date. I really enjoyed rereading it after 30 years

Kurzbeschreibung NOW A SMASH-HIT CHANNEL 4 TV SERIES WITH A NEW INTRODUCTION FROM MARGARET ATWOOD The Republic of Gilead offers Offred only one function: to breed. If she deviates, she will, like dissenters, be hanged at the wall or sent out to die slowly of radiation sickness. But even a repressive state cannot obliterate desire neither Offred's nor that of the two men on which her future hangs. Brilliantly conceived and executed, this powerful vision of the future gives full rein to Margaret Atwood's irony, wit and astute perception. Dont expect to be gripped by a more potent or involving drama this year. Telegraph 'I cant think of another television event that has hit quite such a nerve, and gone on resounding and resonating, worrying and creeping into your soul and into your dreams quite like The Handmaids Tale has Its as relevant today as it was when Atwood wrote it, in Berlin, in 1985. And while all this continues to be real, we need The Handmaids Tale to keep reminding, and resonating, and ringing. Dong, dong, dong. Guardian From Library Journal In a startling departure from her previous novels ( Lady Oracle , Surfacing ), respected Canadian poet and novelist Atwood presents here a fable of the near future. In the Republic of Gilead, formerly the United States, far-right Schlafly/Falwell-type ideals have been carried to extremes in the monotheocratic government. The resulting society is a feminist's nightmare: women are strictly controlled, unable to have jobs or money and assigned to various classes: the chaste, childless Wives; the housekeeping Marthas; and the reproductive Handmaids, who turn their offspring over to the "morally fit" Wives. The tale is told by Offred (read: "of Fred"), a Handmaid who recalls the past and tells how the chilling society came to be. This powerful, memorable novel is highly recommended for most libraries. BOMC featured alternate. Ann H. Fisher, Radford P.L., Va. Copyright 1986 Reed Business Information, Inc. Pressestimmen A taut thriller, a psychological study, a play on words. A rich and complex book. New York Times Atwood has peered behind the curtain into some of the darkest, most secret, yet oddly erotic corners of the mind, and the result is a fascinating, wonderfully written, and disturbing cautionary tale. Toronto Sun A novel that will both chill and caution readers and which may challenge everyday assumptions. It is an imaginative accomplishment of a high order. . . . London Free Press Moving, vivid and terrifying. I only hope it is not prophetic. Conor Cruise O'Brien A novel that brilliantly illuminates some of the darker interconnections of politics and sex. Satisfying, disturbing and compelling. Washington Post The most poetically satisfying and intense of all Atwoods novels. Macleans It deserves an honored place on the small shelf of cautionary tales that have entered modern folklore a place next to, and by no means inferior to, Brave New World and 1984. Publishers Weekly Deserves the highest praise. San Francisco Chronicle In The Handmaids Tale, Margaret Atwood has written the most chilling cautionary novel of the century. Phoenix Gazette Imaginative, even audacious, and conveys a chilling sense of fear and menace. Globe and Mail Margaret Atwoods novels tickle our deepest sexual and psychological fears. The Handmaids Tale is a sly and beautifully crafted story about the fate of an ordinary woman caught off guard by extraordinary events. . . . A compelling fable of our time. Glamour This visionary novel, in which God and Government are joined, and America is run as a Puritanical Theocracy, can be read as a companion volume to Orwells 1984 its verso, in fact. It gives you the same degree of chill, even as it suggests the varieties of tyrannical experience; it evokes the same kind of horror even as its mordant wit makes you smile. E. L. Doctorow From the Hardcover edition.
