Von Talli Roland : The Hating Game (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hating Game (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Nicely written, but has its flawsVon Sine causaThe story is about a young entrepreneur who tries to rescue her business by going on a dating show that promises 200.000 pounds as price money. What she doesn't know is that all the men she is going to date are her ex boyfriends and the producers obviously try to manipulate the dates as much as possible to

keep rates up. Mattie, the main character, is a strong and independent woman, but she is also quick in leaving people who are closest to her in order not to get hurt. I think the author focuses too much on Mattie's past as an excuse for everything - hurting her friends, boyfriends and basically never giving anyone a chance to explain themselves. Mattie just shuts them out of her life when she thinks people might hurt her. I wish she at least would apologize once in the book for her behavior, but for some reason it's all explained away by having issues with her father. Another fact that I really didn't like about the book is that the author obviously hasn't done any legal research regarding reality show contracts. The book is set in Great Britain and the contract Mattie signs would never be legal there. While this might be okay regarding "harmless" clauses about money, I'm a little shocked that the author seems to think that you can actually make criminal assault and murder legal by signing a contract. It just feels like there is some sense of justice lacking and it kind of destroyed the book for me.

Kurzbeschreibung For Mattie Johns, reality TV just got a little too real. When man-eater Mattie Johns agrees to star on a dating game show to save her ailing recruitment business, she's confident she'll sail through to the end without letting down the perma-guard she has perfected from years of her love 'em and leave 'em dating strategy. After all, what can go wrong with dating a few losers and hanging out long enough to pick up a juicy 200,000 prize? Plenty, Mattie discovers, when it's revealed that the contestants are four of her very unhappy exes. Can Mattie confront her past to get the prize money she so desperately needs, or will her exes finally wreak their long-awaited revenge? And what about the ambitious TV producer whose career depends on stopping her from making it to the end? **REVIEWS:** I found myself blown away by Talli Roland's debut novel ... she has potential to become a huge chick lit star. -- Chick Lit sAn addictive read about money, less-than-happy ex-partners and of course, revenge. --Trashionista A funny, warm, page-turner from a talented new author; we will be seeing a lot more of Talli Roland. -- Colette Caddle
