Von Charlie Cochet : The Heart of Frost (North Pole City Tales Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Heart of Frost (North Pole City Tales Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not as good as the first book in the seriesVon SunneI probably went into it expecting something else. Not the authors fault. Charlie Cochet can write. This is without question.But this one was just ok for me."Mending Noel", the first book in this series, was funny, entertaining and a very interesting approach on christmas. It was cute."The Heart of Frost"

continued on a whole different level. First I was just a bit bored, then it got all cold and dark (yeah, I know, ...heart of frost...what did I expect?). It was a good story, that is without question. But maybe it's because I experienced Rudy and Jack somehow different in the first book I expected them to be different and I couldn't really care about them while reading. Just to clarify - I've rated the story on other platforms different - I'm going with the text of the stars and while 3 means "not bad", two would mean "I didn't like it" which is also not true. For me it's 2,5 stars.

KurzbeschreibungNorth Pole City Tales: Book Two At the North Pole, no one is more powerful and feared than the Prince of Frost. As general of the toy soldier army, Jack Frost has been working extra hard to put away the villainous Mouse King once and for all. If that isn't taxing enough, Jack has to deal with the scandal and gossip brought on by news of his relationship with Rudy Rein Dear, captain of the Rein Dear Squadron, which hit headlines last holiday season. Lucky for Jack, his reputation has managed to deter any foolish attempts to stir up trouble. At least until now. When someone sabotages Rudy's plane during a test run a few weeks before Christmas, Jack is determined to find the culprit by any means necessary. The closer he gets to finding answers, the more difficulty he has not falling back to his icy ways. Has the Mouse King stepped up his game in order to throw Jack off his, or is someone a little closer to home behind the attempt on Rudy's life? Either way, Jack has every intention of delivering a Christmas they won't soon forget, even if it means losing the newfound warmth in his heart.
