**Von Susan King : The Heather Moon (The Border Rogues Series, Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Heather Moon (The Border Rogues Series, Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Superb sixteenth century romance filled with historyVon Ein KundeIn 1543 Scotland, William Scott rescues half-gypsy

Tamsin Armstrong, accused by her English gaoles of thieving, because of the friendship between their Scottish fathers. William takes Tamsin into his home to provide her protection. However, she soon reads in her Tarot cards, a dastardly plot against the infant Mary, Queen of Scots. Abruptly Mary's mother places her safety in the hands of William and Tamsin. As they struggle with unknown assailants in order to keep their charge alive, the intrepid duo fall in love. However, he is a widow with a child to raise, while she feels love could only be found in fairy tales. Though he proposes, both have their doubts even as they contend with a terrorist plot to eliminate Mary. Very few writers describe sixteenth century Scotland as well as Susan King seems to effortlessly do. Her latest historical romance, *THE HEATHER MOON*, demonstrates why she is highly regarded by fans of the sub-genre. The story line is filled with interesting tidbits about the lifestyle of the Gypsies, Scots, and border English of the era. The subplots against the Queen and the budding romance are enticing. However, readers who want non-stop action need to realize that the infusion of the historical nuggets tends to slow down the pace of the tale even though this never disrupts the absorbing story line.

Beautiful story Von Harmoni This is a beautiful story of love between a wonderful man and a woman who has been emotionally scarred by the reaction of others to her physical deformity. Will accepts Tamsin's deformed hand without question and often holds and kisses it. He shows her a passage in a book stating that those with deformities "are not to be pitied or suspected . . . but should be regarded as healthy beings . . . as part of the wondrous and endless variety of Nature in all her aspects." Both Will and Tamsin have guarded hearts, and their attraction to each other is beautiful. Will is the perfect hero: a man with a pure heart and soul. He is strong, passionate, devoted and honorable, as well as sensitive, compassionate, tender and gentle. Here is a beautiful man loving a less than perfect woman in whom he sees only beauty (except, perhaps, for her temper!). With its perfectly-paced character development and lyric dialog, I read every word of this story. The rhythm of the story is disturbed only once, during the climax, but it brought a smile to my face, so I thought I'd mention it. (I could hear an editor saying, "But where'd that branch come from, hey?")

Historical Romance at It's Best Von Jody Allen (morgay@execpc.com) Ms King has done it again with a story that is intensely satisfying for the reader. She has created wonderfully developed characters who the reader will care about and who become more real as each page is turned. Ms King's become a leader in writing historical set in Scotland and *Heather Moon* is a classic example of her extraordinary talent. When others are clamouring to write about the Highlands she can give the reader a story set in the turbulent southern Borders of Scotland that is rich in detail with historical twists and turns that satisfy the most cynical reader. *HEATHER MOON* is a keeper to be sure for any serious romance reader who wants a story that is well researched but at no time does the history take over the story. Never does she use the often trite meaningless sex scene to move her story along. The sensual scenes are done with taste and within the context of the story. No romance author today weaves a more vivid tapestry of history, intrigue, magic and love with all its many hues than MS. King. You can't be a serious romance reader if you don't read Ms King.

Kurzbeschreibung Author's Cut Edition Half-Scots and half gypsy, beautiful Tamsin Armstrong boldly raids across the Border with her kinsmen until she is captured and held hostage by William Scott, a laird with royal ties. Amid plots and counterplots, Tamsin and William discover a powerful attraction. Then fate thrusts them into a diabolical scheme to abduct the infant, queen of Scots, and a grave danger that could destroy them all.

AWARDS: Nominated for Romantic Times'er's Choice Award, Best Medieval

REVIEWS: "A brilliantly woven tale of history and romance, as lush as a tapestry." ~Romance Fiction Forum "Overflows with a masterful command of history. A must for fans of Scottish romances." ~Kathe Robin, Romantic Times "King is a master storyteller." ~RT Books

deSetting: Scotland Borderlands, 1526 Sensuality Rating: 8 The daughter of a Scottish laird and a beautiful gypsy woman, Tamsin Armstrong grew up with a foot in both worlds--heeding the calls of her wild gypsy ancestry while upholding the ways of her proud Scottish forefathers. These two distinct worlds collide when Tamsin and her father, Archie Armstrong, are captured while raiding the lands of their hated English enemy, Jasper Musgrave. It is at this point that the young laird William Scott crosses Tamsin's path. William remembers Archie Armstrong well, because the Scottish reiver and his own father were close comrades when William was a child. For the sake of fond memories--not to mention the lure of Tamsin's green eyes and brave heart--William negotiates their release. Tamsin is relieved to be away from the dungeon, but troubled that William has agreed to hold her hostage in his own castle. She's even less pleased by her father's obvious approval of the plan, suspecting that he hopes to arrange a marriage between her and William. Neither William nor Tamsin plan to fall in love, but the powerful attraction between them grows stronger by the day despite

the danger that threatens their happy ending. Will William's entanglement in Musgrave's evil plan against the Queen destroy his future with Tamsin? Don't miss *The Heather Moon*--it's a wonderful tale filled with adventure, noble characters, and heartwarming emotion. --Lois Faye Dyer
