**Von Catherine Coulter : The Heir (Regency series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Heir (Regency series):

Disappointing storyVon DGI usually like Coulter's romances, but her books are either great or terrible. I have to say that this is the worst one I have ever read. The story line was completely obvious, with no suspense or mystery. The book had very little action but mostly lifeless, stilted dialogue. Very little romance at all, the main characters are un compelling and its hard to see where the attraction is; the main love scene is a brutal rape. If you are a fan of Coulter I advise you to avoid this novel.1 von 1 Kunden fanden die folgende Rezension hilfreich. A romance novel that will leave you breathless.Von Ein Kunde"The Heir" is one of the most romantic stories that I've read by Catherine Coulter. Coulter rewrote this novel bringing the characters to life. The magnificent beauty of Arabella and her courageous heart

leaves the new Earl of Strafford breathless. Justin Deverill, new Earl of Strafford, is a military man who is strong, handsome, stubborn, and clever. He's faced to marry his cousin Arabella whose father (the Earl) died and left a will for the two to marry in order to keep the family's heir alive. Although these two beautiful people end up marrying in order to keep the Earl's wishes true, Justin believes that Arabella has betrayed him before their wedding night. How does Justin treat his wife, Arabella during their wedding night? Well, I'll leave this up to you to read what will happen next. Catherine Coulter did a splendid job with the revision of "The Heir" giving it more life than before. 1 von 1 Kunden fanden die folgende Rezension hilfreich. I was disappointed in the characters. Von Ein Kunde One of the things that I do not care for in Ms. Coulter's books is the way the men treat the women. I enjoyed her books for a number of years, but I have reached a point where I simply do not want to read anymore about men treating the women they are supposed to love as children - even taking on the responsibility for "disciplining" them. I still enjoy Ms. Coulter's modern romance and romance/mysteries, but I am through with the historicals.
