The story is incredibly sweet and I read this book and the seconds within two days. The only minus is that the third and final book isn't released yet. ./Hope it does in the

next time. I can just say, this book is worth every cent!

KurzbeschreibungOn her first day of college, Emily meets a walking, talking god. With a gorgeous face, killer blue eyes, and a body to die for, its easy to see why Thomas Paige is the envy of every guy at Potomac Ridge University and why every girl within a fifty mile radius wants to get a piece of him. Emilys not interested in becoming another notch on his bedpost. Shes convinced herself that her novel use of the word no is whats got him hounding her all over campus. But there are two sides to every story, and Thomas is determined to make Emily hear his. Especially since Emily seems to have no idea that shes not human. For millennia, two immortal races have lived among us, hiding in plain sight. Known as The Hidden, theyre embroiled in a bitter battle for supremacy. Emily soon finds herself thrust into the supernatural world she was purposefully sheltered from, where those close to her arent always who they claim to be. With Emilys own transition into immortality fast approaching, she has no idea what shes in for, or that her unique background will put her in the middle of their ancient conflict. Who can she trust when both sides want her dead? *Intended for ages 18+ due to sexual situations Genre: New Adult, Paranormal Romance
