**Von James Maxwell : The Hidden Relic (The Evermen Saga Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hidden Relic (The Evermen Saga Book 2) (English Edition):

CulminationVon FalkenherzThis book builds upon the events in the first book and brings them to a satisfying conclusion. I thouroughly enjoyed the mix of magical and non-magical warfare, characters, the epic scaled battles. Well known fantasy elements with a fresh feeling and a well explained, semi-industrial magic/lore paradigm raised

and satisfied my curiosity. Also in this sense fresh and entertaining elements included: medieval lightsabers, a Gandalf with a streak of really thorough bad luck, KZ angst in a fantasy world, and some well adapted "magic: the gathering" influence. My only, small, gripe: the last plot twist was a bit too disconnected from the story and felt unnecessary. The secret of the evermen came across as a bit bland, also stretching what might still seem logical for this world setting.

The world which has been created is so rich, the characters detailed and the story well developed. I could not put it down and finished the second book in two days. I really recommend this series to all the fantasy lovers. You will not be disappointed!

It has some good new ideas and developments but in my eyes is not as good as book one of the saga. There are a few logical mistakes and some things in the story and the behaviour of the characters are just a little too unlikely.

**Kurzbeschreibung** With the fate of their homeland still in jeopardy, siblings Ella and Miro must face the Primates evil as he discovers a new technique: a method to extract essence from human blood. The Primate has been temporarily defeated, but his home was once inhabited by the Evermen, and their ancient secrets still remain. As the mysterious Evrin sets out to destroy everything he can, the Primate stumbles upon an ancient book that tells of a hidden relic with unfathomable power and he will stop at nothing to find it. Realizing the solution to defeating the Primate and saving the Empire is tied to the hidden relic, Ella, Miro, Killian, and the desert prince Ilathor must race to reach the relic before the Primates suffer disastrous consequences.

Published in 2014, the highly acclaimed Evermen Saga is a worldwide bestseller. Revised edition: This edition of The Hidden Relic includes editorial revisions.

ber den Autor James Maxwell grew up in the scenic Bay of Islands, New Zealand, and was educated in Australia. Devouring fantasy and science-fiction classics from an early age, his love for books translated to a passion for writing, which he began at the age of eleven. Inspired by the natural beauty around him but also by a strong interest in history, he decided in his twenties to see the world. He relocated to London and then to Thailand, Mexico, Austria, and Malta, developing a lifelong obsession with travel. It was while living in Thailand that he seriously took up writing again, producing his first full-length novel, Enchantress, the first of four titles in his internationally bestselling Evermen Saga. When he isn't writing or traveling, James enjoys sailing, snowboarding, classical guitar, and French cooking.
