**Von Malcolm Richards : The Hiding House: a chilling psychological thriller (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hiding House: a chilling psychological thriller (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Unbedingt lesen!!!Von linaEin spannendes Buch, packend bis zum Ende, mit viel Gefhl, schner Sprache, Geschichten in der Geschichte und Rckblicken an Spannungshhepunkten, die mich daran hinderten das Buch aus der Hand zu

legen! Teils gruselig mysteris mit etwas britischem schwarzen Humor und direkter Sprache, teils gefhllvoll traurig oder liebevoll frhlich. Wer spannende Unterhaltung mit Gefhl sucht, sollte Richards Debtroman lesen!<http://www..de/review/create-review>

KurzbeschreibungEvery family has its secrets. Every secret has its price...A chilling and suspenseful psychological thriller perfect for fans of 'THE GIFT'...'I LET YOU GO'...and 'THE ICE TWINS'..Four years after the mysterious disappearance of their dangerously unstable mother, siblings Sebastian and Elise are rebuilding their shattered childhood at their grandmother's isolated house in the woods.But when Nana May is killed in a horrible accident, their lives are torn apart once again.Elise acts quickly to protect her younger brother but why does she insist they stay hidden instead of calling for help?As the days grow hotter, an increasingly unhinged Sebastian becomes suspicious of his sister's motivations. Meanwhile, Elise struggles to keep the outside world at bay.But the outside world is the least of their troubles because danger lies much, much closer to home.Someone is watching them from the woods. Someone who knows they are alone. Someone who knows the terrifying truth about what happened to their mother...A gripping mix of psychological thriller and dark family drama, The Hiding House will keep you turning the pages until you reach its shocking and dramatic end.

ber den Autor und weitere MitwirkendeCornish born Malcolm Richards writes psychological mystery-thrillers about everyday people in extraordinary situations. Relocating to London to study a Bachelor of Arts in Writing at Middlesex University, he went on to teach teenagers with literacy difficulties, before moving into therapeutic teaching, working with young children to overcome complex emotional and behavioural issues. This experience led him to write his first novel, The Hiding House. Malcolm currently lives and writes in South East London.
