Von Zoe Saadia : The Highlander (The Rise of The Aztecs Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Highlander (The Rise of The Aztecs Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Coming of Age of WarriorsVon CustomerBy chance, I discovered a treasure trove of reading in the Zoe Saadia books. There is nothing like discovering a new author to read and what a collection of stories in the style I love. On the first page of The Highlander, Ms. Saadia got me hook, line and sinker. The story has a great pace and a perfect mix of dialogue and

description. Most fascinating for me about *The Highlander* is the realistic way Saadia portrays boys from different regions at a time in the distant past. You really feel like you're near those pyramids. You can smell the jungle. Carefully researched history lovingly painted on the tableau is the glue that holds the story together. What could be more intriguing than a timeless test of friendship between boys from different strata of their society? I love that I can feel like a young man again when I read this kind of book. As well, it makes me think of the trips I took to Mexico in my 20s. I did all the pyramids, all of them and the descriptions in this book brought me right back in time. Great easy read. Fun for the beach. Pick up a few 'cause one won't be enough. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Von Author Angie Martin What a great book! I am not all too familiar with this time period, but the book really helped to take me there and explain everything as if I had known about it all along! Kuini is a great main character, full of life and just jumps right off the page at the reader. I thought the mystery, action, and suspense were all intriguing. Fantastic! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Recommended. Von The Wizard of Oz The wonderful thing about reviewing is finding authors/books that I might otherwise never find. Zoe Saadia is one of those authors that (while I'm not a big fan of the genre she writes in) makes you want to read her work by way of great story and great writing. Hers is a world full of memorable description and great characters. May both live long and prosper.

Kurzbeschreibung Born in the Highlands, Kuini thought his life was simple. You hunt and you fight, defending your towns against the raids of the Lowlanders and then raiding their lands in turn. His father was the Warriors' Leader, and he wanted to be just like him.
