Von C.J. Box : The Highway (Cassie Dewell) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Highway (Cassie Dewell):

Decent Thriller but Lacks SomethingVon Barry RBox pens out a decent serial killer plot but somehow fails to drive home the story, mainly through a lack of well fleshed out characters to support the excellently developed monster himself.The

cop is a single mum, a little overweight with a caricature of a liberal, occupy supporting mother who provides the day care for the child. Oscillating between nervous rookie and tough female ball breaker, this character was pretty unconvincing. I read other reviews praising the treatment of the two victims, one becoming virtually catatonic whilst the other holds it together plotting an escape, but, I found it difficult to empathize...it all seemed a little formulaic and never particularly authentic. Having said that, the storyline was interesting and the villain really is a nasty piece of work. For these reasons alone I would recommend this novel as an ideal book to kill a few hours whilst on a beach. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannend bis zum Schluss Von Eva Zwei Teenager verschwinden mitten im Nationalpark, doch die Suche gestaltet sich schwierig. Bad cops treffen auf good cops und einige Tote später wird es dann noch mal heftig bevor der Showdown eine Frau zur Heldin macht. Absolut empfehlenswert! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hochspannung pur Von Berlin fan Mal ein Krimi ohne die Picket-Familie. Weniger Landschafts- und Naturbeschreibungen, dafür deutlich mehr kribbelige Spannung. Am liebsten hätte ich das Buch in einem Rutsch durchgelesen, so spannend war es!

Kurzbeschreibung It was Danielle and Gracie's secret. A teenage adventure. A 1,000 mile drive along the spine of the Rocky Mountains to visit Danielle's boyfriend in Montana. Their parents were never to know. But now the girls have simply vanished. The only person who knows they're missing is Danielle's boyfriend. He persuades his father a disgraced, suspended cop to search for them. But he too simply disappears. Now it's up to rookie cop, war widow and single mother Cassie Dewell to find them. Her investigation will introduce her to FBI's Highway Serial Killer Task Force, compel her to confront a spate of roadside sexual mutilations and murders, and lure her towards a darkness greater than anything she could ever have imagined. Pressestimmen 'Gripping from start to finish' NewBooks. 'A non-stop, action-filled race against time. Rolling down the superhighway of suspense, this thriller will leave readers breathless' Library Journal (starred review). 'Heart-stoppingly good' Daily Mail. 'Solid-gold A-list must-read' Lee Child.
