FunnyVon B NelsonOf course a book like this is going to get some negative reviews. But Id give this guy five stars just for the title and cover. The Hills are Alive with the Sound of Murder by Darrin Mason is just what you would imagine after seeing the title and cover, an amusing, daring parody of a beloved story. This courageous author doesnt mind offending and if you dont take it seriously, youll find the serious humor in his work of art. Recommended for anyone who enjoys, absurd, insane and daring humor.
