**Von Brian Lumley : The House Of Doors (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The House Of Doors (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. OKVon James NemethThe House of Doors feels like riding a roller coaster or watching one of the old-time many chapter serials. The ending of every chapter leaves you hanging as to what's going to happen next. It's a pretty good book. It definitely kept me turning the pages. SPOILER WARNING! The downfall of the book for me was that fairly early on

one knows what's going to happen. The bad or unsavory characters are going to die, the good ones are going to live and the alien breaking the rules will either die or be punished. The speed with which one of the heroes, Gill, came to understand and then be able to manipulate the alien technology against the alien himself was a bit hard to swallow. As was the "bad" alien's superiors coming to apologize to the humans! Also, can we have ONE book that contains a superior race who, whether directly or indirectly, does NOT moralize to the reader about how we humans have treated both ourselves and our planet so badly? Enough already. This "message" is as old as the hills. Despite those quibbles though, House of Doors was a light, unchallenging, but enjoyable read. It has definitely made me want to explore other books by Mr. Lumley. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Totally Different From Lumley Von CaptHowdy I had no idea what to expect from this one. Being so accustomed to Lumley's many series' of books, it was strange to see one just stand out with out any sequels or related novels. Once again Lumley's characters were well developed. I loved em or hated them. I don't know really what to compare this book to, but lets just imagine that we are in a house on Earth that was placed here by aliens. The house is mainly an alien laboratory where they can watch us interact with each other and see how we behave (much like we do to mice in a maze). Now throw a bunch of doors in this house and behind them all something new. Horrors not to be believed. How do we react? How would you react? Lumley really drew out the emotions for this one. When one of the characters are in trouble, man, you really get into it. This one sucked me in like that kid's movie 'The Never-Ending Story' did to that kid reading the book. Something totally different from Lumley and good show! Loved this one too. A sequel is now out called Maze Of Worlds. I'll be special ordering that one! 0 von 0 Kunden fanden die folgende Rezension hilfreich. WOW! Von DMiller After reading Necroscope I picked this one up and was utterly amazed. Not only are they very different books, but Brian Lumley's ability to capture and hold me did not diminish from one to the other. House of Doors was a readers trap from the beginning to the end and it was the best place to be. READ IT! I promise you will not be disappointed.

Kurzbeschreibung Behind every door waits a living nightmare . . . Spencer Gill is a man with problems. The fact that he's dying, slowly, is only one of them. The castle, up on the slopes of a famous Scottish mountain, is another. For one thing, it doesn't have any doors - at least, not on the outside. And it's Gill's nightmare task to find out what it really is. In fact, this horror-house has many doors. But they're all on the inside. And sheer bloody terror lives and lurks behind every one of them. The welcome mat is out for Gill. And for you. So come on in. Just don't slam the door . . .  
.Pressestimmen "I'm impressed with Lumely's talent. He's obviously one of the best writers in the field."--John Farris  
"Lumely weaves horrors, mystery, occultism, science fiction, and mythology into wonderfully fascinating stories."--
