Von Heather Killough-Walden : The Hunt (Big Bad Wolf Series) (The Big Bad Wolf Series Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hunt (Big Bad Wolf Series) (The Big Bad Wolf Series Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A Must Read! Positively Addictive!Von Mary MoritzThere is a scene in Heather Killough-Walden's newest novel, "The

Hunt," where a crucial spell is being attempted as witches and werewolves observe in tense, respectful silence. The scene takes place in a redwood forest, and the author writes, "The night grew very still. There was no sound from the animals in the forest. It was as if every one of them sensed the change coming and was listening. Watching." That's what reading "The Hunt" was like for me. I felt like one of those forest denizen, present on the outskirts and observing respectfully and breathlessly as the story unfolded. At times I had to step away and catch my breath; other times I blew off everyone and everything to continue reading and remain on the outskirts of that redwood forest, or the conference room in wolf council headquarters, or in the cave with Byron and Kat. Oh my - that cave . . . The Hunt is the story of Byron Caige and his dormant, Katherine "Kat" Dare, the newest of HK-W's wolf couples. It is the fourth book in the Big Bad Wolf series. We first met Byron at the very end of the previous BBW book, "The Spell," where the gorgeous alpha wolf was being kept in chains as the favorite sexual prisoner of a very spoiled vampire princess. Katherine "Kat" Dare, a rare, female werewolf Hunter, is first introduced in this book. She has spent most of her life seeking the wolf she believes killed her father - Byron is that wolf and it turns out she is also his dormant - they are destined mates. For me, Kat is the most fully drawn character yet in the series, and possibly the most empathetic. Her feelings of guilt, unresolved loss, blind thirst for vengeance, and eventual renewed awareness of love and friendship - are layered so delicately throughout the story that her motivations creep up at times and move the story in completely unexpected directions. She is also a daunting physical foe, given her years of training as a hunter. Byron's past is also a big part of the story, as he emotionally struggles with the effects of fifty years of torture and captivity (paranormal time - he barely ages), as well as being kept in a sort of time capsule by his captor, only to find himself suddenly in the present day. But this book is all action, and the personal demons of the characters just add to the intensity because they inspire them to respond in such surprising ways. I was constantly thinking - I never saw that coming! But each twist works so well and just adds to the tension. And there is plenty of the usual sexual tension the BBW books deliver so well. The heat between Byron and Kat is as good as it gets. The charisma between them, friendship based on mutual admiration, adds a lot to the story. Adding to the sense of familiarity in the book, is that most of the characters from the previous three novels are also present and very involved in the overall story. Ultimately, the future of them and their kind is at stake and this just notches up the intensity of the story. This is my favorite of all the BBW books. Killough-Walden just gets better and better with everything she writes. I highly recommend that you read the three previous books in the series to fully understand the history and character dynamics. Elements of the back story are explained, but it is so much more fun reading the books to get acquainted with everyone. Plus, all four covers as designed by the author look smashing together.

Kurzbeschreibung Byron Caige has been a prisoner for the last fifty years of his supernaturally long life. Just when he gives up hope of ever knowing the taste of freedom again, he is unwittingly rescued by the very same woman who only wants to see him dead. Katherine Dare Kat is smart, fast, strong and beautiful but unfortunately shes a Hunter, and shes convinced that Byron murdered her father twenty years ago. Shes also Byrons dormant. As supernatural war breaks out amongst the otherworldly of Earth and threatens the existence of entire races, Kat is faced with a terrible decision. Should she give up her cause and believe Caige when he professes his innocence? Or should she fight him and possibly avenge her fathers taken life even while she forfeits her own? The Hunt is the fourth book in Heather Killough-Walden's New York Times bestselling Big Bad Wolf series. ***** Heather Killough-Walden is a California native currently living in Texas with her husband and child. She is the New York Times and USA Today bestselling e-book author of the Big Bad Wolf series and the October Trilogy, as well as the print and ebook Lost Angels series which includes ALWAYS ANGEL (available now) and AVENGERS ANGEL.
