Von Tom Clancy : The Hunt for Red October (Jack Ryan) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hunt for Red October (Jack Ryan):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. So totally 80s, but goodVon ThomasSo the story is placed in the 80s during the last phase of the so called cold war. I can easy remember that time and the feeling, language and the whole setup sounds very familiar. Of course many saw the

film with Sean Connery which was honestly not too bad, but compared with the book the film lacks a lot of valuable details and also the story goes a little different, I would say not bound on the obvious time and detail constraint which a film of about 120 min. obviously have to follow. A clear recommendation..1 von 1 Kunden fanden die folgende Rezension hilfreich. An impossible book to put down Von Ein Kunde Russia's newest Typhoon-class nuclear missile submarine the Red October, equipped with a silent Propulsion system, sets sail from Murmansk. Meanwhile a mysterious letter is sent from the captain of the Red October, Marko Ramius, to the Chief Political officer of the Soviet Navy. Ramius has made a fateful decision, the Red October is heading west. The Americans want her and the Russians want her back. Soon after the whole Soviet fleet from the Mediterranean and North Atlantic are sent to hunt down the mighty ship. CIA-analyst Jack Ryan believes that Ramius is trying to defeat the west, however the Pentagon thinks that Ryan is lying and believe the Soviets, who told them that Ramius is a "mad man" and will launch a nuclear weapon at the United States. The Race between NATO and the Soviet Union begins, as does the most incredible chase in history. Tom Clancy develops a strong feeling of intensity throughout the book. The suspense captivates the reader and makes it remarkably hard to put the book down. By using a lot of explicit, factual detail, Clancy is able to captivate the mind of the reader. The dialect used in "The Hunt for Red October" is also a major key, which helps this book keep the interest of even the least attentive readers. Clancy kept each page, each paragraph exciting, interesting and full of detail.4 von 4 Kunden fanden die folgende Rezension hilfreich. best submarine-novel I've ever read Von Matthias Josteit After watching the movie which I consider to be the best submarine thriller in movie history I was very interested in reading the original novel. My almost high expectations were not disappointed. In the first it was a little bit difficult to read because of the many military expressions. But when I got used to this vocabularies I enjoyed the story without any exceptions. Really great stuff ! Makes appetite for more !

Kurzbeschreibung The runaway international No 1 bestseller that launched Tom Clancy's spectacular career and introduced his acclaimed hero, Jack Ryan, in the ultimate submarine adventure. Silently, beneath the chill Atlantic waters, Russia's ultra-secret missile submarine, the Red October, is heading west. The Americans want her. The Russians want her back. With all-out war only seconds away, the superpowers race across the ocean on the most desperate mission of a lifetime. The most incredible chase in history is on The Hunt for Red October the classic story of a spellbinding battle of nerves, above and below the waves, unrivalled in its authenticity and breath-stopping suspense..de Somewhere under the Atlantic, a Soviet submarine commander has just made a fateful decision: the Red October is heading west. The Americans want her. The Russians want her back. And the most incredible chase in history is on. The Hunt for Red October is the runaway bestseller that launched Tom Clancy's phenomenal career. A military thriller so accurate and convincing that the author was rumoured to have been debriefed by the White House. Its theme: the greatest espionage coup in history. Its story: the chase for a runaway, top secret Russian missile submarine.
