before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hunters Boxed

Set, Books 1 2: Declan and Tori, Eli and Sarel (English Edition):

Kurzbeschreibung Book 1: Tori McAdams was a sensible woman. She didn't believe in hocus-pocus, she didn't believe in ghosts, and she definitely didn't believe in vampires not until the night she was attacked by one. Alone, starving and afraid, she doesn't know what's happening but at least she had somebody to turn to. Declan Reilly was normally the last person she'd go to for help, but now he was the first on her list. He can help; she knows he can. She never could have planned on what happens next, though the sexy detective is so much more than he appears. Warning: This book contains violence, sex, more violence, a maniacal murderer, sex, more violence, and a ménage or two thrown in for good measure. Book 2: Three centuries is a long time to spend alone but Elijah Crawford is used to it. He's got his friends, he's got thugs to kill, and a mild obsession with an on-and-off again lover to keep him occupied. But then a woman appears in his dark world, one who just might bring some light to those endless nights. Just one look makes him hunger. Just one glimpse makes him burn. There's just one complication. She wants him dead. Sarel Chandler knows all about vampires and she knows all about monsters so she thinks. The monster she knows as Elijah Crawford is responsible for the death of her sister and she's going to see that he pays for it. There's just one complication she's completely wrong and she's about to pay for it in so many ways. Warning: This book contains a pissed-off witch, a sexy Master vampire, some serious ménage action and lots of one-on-one time of the up-close-and-personal variety. And I do mean lots.
