the extra kilos.

Kurzbeschreibung The Husband Diet is for fans of snarky humour, women who know what its like to feel under-appreciated, and those that dont think plus size heroines only come in a size 12. With a simple honesty that is in turns both hilarious and touching, youll laugh and cry. Sometimes both at the same time. If youre a fan of Jen Lancaster, Jennifer Weiner, Stella Newman, Fiona Gibson or Lucy Diamond then youll love Nancy Barone. Erica Cantellis life feels more suffocating than a size 4 dress. On the surface shes maintaining the image of successful career woman, perfect wife and a doting mother with two wonderful children. In reality shes running out of hours in the day; 6 dress sizes bigger than she wants to be; and the only man who shows her any affection is her gay best friend. In fact fantasizing about how to kill her increasingly disinterested husband is just about all that keeps Erica sane. That and a whole different type of fantasizing about the incredibly handsome new school Principal, Julian Foxham. When her husband jokes about trading her for two size tens, Erica knows something has to change. But is another diet really the answer? Or is getting rid of him the fastest path to happiness? Now if she could only stop thinking about the gorgeous Mr Foxham For any woman who has ever felt under appreciated, or thought about giving up on their dreams, Erica is a hilarious breath of fresh air. Praise for The Husband Diet 'Overall this is a great feel-good book with a lovely message to anyone with dreams to follow. A perfect holiday read!' Novelicious 'I enjoyed the characters and the humour running through the book was brilliant from start to finish.' Best Books to Read 'A definite holiday read.' I Heart Books 'If you want a book that will have you laughing and rooting for the heroine from page one until the very end and wishing you had your own spider-killing hottie, then this is the book for you.' Kim Talks Books 'The Husband Diet was a spunky debut, and I loved Erica Cantelli. Everyone needs an Erica Cantelli in their life, and they DEFINITELY need a Julian Foxham in their life. Where can I get a piece of that?' Chick Lit s and News 'Nancy Barone's book is very enjoyable. It will appear to readers who want a strong but realistic female character, the one who would pick the double chocolate cake over the fruit salad.' Dot Scribbles

ber den Autor und weitere Mitwirkende Nancy grew up in Canada, but at the age of 12 her family moved to Italy. Catapulted into a world where her only contact with the English language was her old Judy Blume books, Nancy became an avid reader and a die-hard romantic. Nancy stayed in Italy and, despite being surrounded by handsome Italian men, she married an even more handsome Brit. They now live in Sicily where she teaches English. Like Erica, the heroine of The Husband Diet, Nancy is of Italian descent, but she swears that is where the similarities stop. And shes absolutely never fantasized about murdering her husband. Nancy is a member of the RWA and a keen supporter of the Womens Fiction Festival at Matera where she meets up once a year with writing friends from all over the globe.
