The immortal Life of Piu PiuVon KundeDieses Buch beschreibt alle Phantasien , die ich schon immer in mir trug , aber nie zum Ausdruck bringen konnte , mit einer Klarheit als wre alles Mystische die selbstverstdlichste Sache der Welt . Es gab mir eine innere Sicherheit wie ich sie noch nie empfunden habe . ich bin mir jetzt sicher auf dem richtigen Weg zu sein , Und ich bin mir fortan sicher auf diesem Weg gestrkt bis zum Ende gehen zu knnen .1 von 1 Kunden fanden die folgende Rezension hilfreich. Title lives up to expectationsVon bobbyMy initial interest in reading this delightful book was primarily triggered by the story's setting in that beautiful part of the world I know so well and call my second home. And I was not disappointed: the author's lovingly-detailed description of animals and their surroundings mirror her acute awareness of nature in all its facets, both wonderful and terrifying. But then the book proved to be so much more. Reality cleverly expands into a magical world that had me fascinated and wanting to know more. This is certainly not a a quick read or pageturner but definitely something to be savoured and enjoyed in the quieter moments of contemplation.1 von 1 Kunden fanden die folgende Rezension hilfreich. Expect the unexpected!Von MajkaI LOVED how this story captured my imagination right from the start and carried me away to a place full of magic and wonder, laughter and tears, and, sometimes, breathless suspense.I fell in love with the characters so much I didnt want it to end! Again and again, the unexpected happened and kept sweeping me off my feet ...Witty. Poetic. Beautifully written. A special treat Ill come back to time and again . . .

This is such a book, with wonderful storytelling as well. You'll meet Pippa, the girl who loves nature and thirsts for knowledge. You'll meet Piu Piu, the one who takes the plunge into a brief flirtation with our temporal life and thirsts for freedom. Look closely: behind the magic, you'll probably meet yourself. Highly recommended and magical.-M. R. Campbell, Author of "Conjure Woman's Cat" The Lightness of Being Some books entertain, some amuse, some delight, and some teach. Bianca Gubalke, in her magical book 'Born with Wings', does it all. Read it, and accompany her fascinating characters into their world: one that is real, tangible, and unexpectedly familiar, but which our limited senses make it difficult for us to enter. Piu Piu helps us overcome those limitations. The writing is beautiful, at times poetic, making it a pleasure to set aside our cynicism and enter, with ease, that other world. The landscape setting is spectacular and filled with creatures, ignored in our busy lives, but which, once we have read this book, we are sure to notice more intently. Never again will I ignore the myriad life around me. Perhaps more than anything else, 'Born with Wings' takes the fear out of life and shows us the lightness of Being - if we choose to embrace it. A perfect read for the young at heart of all ages!-Gene Line, Happy Reader KurzbeschreibungGet the BRAND-NEW 2nd edition here: BORN WITH WINGS - The Immortal Life of Piu Piu'A magic mountain.
