Light at the end of the tunnel...Von Ronald LaureI've read Mrs. Fallons "Hythrun Chronicles" and was intrigued by her way of storytelling. It reminded me of the Edding's-books. I like her style - short, pointed and witty, so I decided to take a try at the "Tide-lords"!I havent been dissappointed, I was - in fact - fascinated. I'm a varocious reader and this was on of the

few books, where I turned the pages back, to check if I missed something. Read a chapter, frowned, turned a few pages backward, and thought: Oh!The story progresses rapidly, the characters are quite interesting and the setting is quite imaginative. I think the idea behind the main story is quite catchy, and interesting. Nevertheless this is not a book for very young or JRRT-Fans. There are no Orcs - but a magically designed race of half-human half-animal slaves, no dwarves, no elves, no big spells, no magical rescues and definitely no dragons. But there's a whole new world, an interesting idea and unique characters to experience.

**Kurzbeschreibung**When a routine hanging goes wrong and a murderer somehow survives the noose, the man announces he is an immortal. And not just any immortal, but Cayal, the Immortal Prince, hero of legend, thought to be only a fictional character. To most he is a figure out of the Tide Lord Tarot, the only record left on Amyrantha of the mythical beings whom fable tells created the race of half-human, half-animal Crasii, a race of slaves.
