Beautiful, sensitive and heart-warmingVon ColeI really don't know where to start and how to express how much I enjoyed this book, but here's what comes to mind above all: I LOVED- the title- the authenticity of the characters- the way Kevin and Casper were true to themselves- how they both opened their hearts and leaped- the so humane way

Brandon Witt describes Kevin's painful suffering, his self-doubts and self-deprecation - my heart really went out for him in so many ways, I had the frequent urge to 'hug him out', too. The whole book feels real and true and honest and hits every nerve if you are looking for a heart-warming love story with wonderful MCs and five-star character development. Don't deprive yourself - just pick it up and read it! I will certainly look out other books by Brandon Witt. And yes - where can I order my very own Casper?

Kurzbeschreibung Kevin Bivantis dream is to open a wedding dress shop, a place with the stunning gowns to make every bride-to-be feel adored. At thirty-eight, he quits a successful advertising career to buy an old brownstone in a trendy Boston neighborhood and to make his dream a reality. When one of his cosigners drops out, fate intervenes, ushering in Casper James, who hopes to open his own bakery. With Casper willing to take the risk, their ambitions meld into a wedding dress and wedding cake boutique. Extensive renovations to the brownstone, an affair with his ex-husband, family drama with his mothers, and the anxiety of significant life changes push Kevin to the brink of a nervous breakdown. In the midst of stress and uncertainty, Casper becomes more than a business partner, a mutual attraction that adds another layer of intensity and risk. With their dreams on the verge of reality, Kevin and Casper must find the courage to face the stress of managing their attraction, the gamble of a new business venture, and the resurgence of Kevin's personal demons.
