Book!!!! Von Eichler It got me hooked right from the beginning!! I love the authors sense of humor!! Ready for Karen's first day!!!

Kurzbeschreibung On a day like any other, Jim Blackmore finds himself at ground zero of the zombie apocalypse. He is forced to run a blood-soaked gauntlet through a city overrun by an insurmountable horde of the dead in a desperate attempt to reach his wife and two small children. As he fights to get home he discovers that the living are just as dangerous as the dead. But does Jim have the strength of will to survive the perilous journey? New sneak peek of Joseph Zuko's up coming novel. A few chapters from Sweet Home has been added to the end of this book. Read on to check out the next level of horror in the Zuko catalog. A review by author Sam Siv Joe Zombie Zuko, the self-proclaimed "Zombie nut" ...his new book: 'The Infected: Jim's First Day' is a thrill ride for your mind. It delivers jam-pack thrills and puts you at the edge of your seat. Each page grabs you, transitioned smoothly and forces you to read on....I finished the book in one day! The characters were well developed (Jim is likeable and relatable) - The scenes/environment was surreal - The Intensity at times was too much (just how I like it) - Just the right amount of comedy. As an author myself, I know how much time and effort it took to write a book like this; I thought Joe 'Zombie' Zuko could have charged more for his book. The entertainment value and the mental escape are well worth at least 2-3 times the current price. I would have easily paid 2-3 times more.... I slam and piss 2 star bucks coffee daily and never got this sort of value. Overall I gave the book, a well earned 5 stars...It has all the elements of a great 'Zombie Book Series'...eventually a movie? I can't wait for your next release.
