**Von Jasmine Cresswell : The Inheritance** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Inheritance:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A great work of romantic suspenseVon Ein KundeAfter learning that her father Marc Joubert sold weapons to terrorists and rogues as the major income maker of the family export firm, Isabella leaves her Miami home. She settles in Chicago and has almost no contact with her family for the next seven years. However, she returns to Miami when she learns Marc is dying because, though she abhors what he has done, she loves her father. On his deathbed, Marc obtains a vow

from Isabella that she handles a disk that contains the names of everyone he bribed over the years. Soon Isabella finds her life in turmoil. Her neighbor is murdered and her home is trashed as if someone was looking for something. However, the biggest impact is the return of Customs Agent Sandro Marchese, the man she loved who betrayed her by selling out to her father. Sandro insists he wants to protect her from her father's many associates who want that disk. However, the disk contains evidence that would place him in jail. When her brother is kidnapped, Isabella knows that Sandro is her only hope to rescue her sibling and keep herself alive. As their love for one another rekindles, neither one trusts the other. **THE INHERITANCE** is a fast-paced, action-packed romantic intrigue that never slows down to let the reader catch his/her breath. The story line is filled with excitement, sexual tension, and danger. Isabella and Sandro make a charming but seemingly doomed couple whose relationship cannot form without the fundamentals of trust. Jasmine Cresswell entertains the audience with a non-stop romantic thriller. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fast paced romantic suspense Von Bonnie Gilbert After being estranged from her family for the past seven years Isabella Joubert goes home to Florida to visit her father on his deathbed. His last words before dying were that he wanted her to have a disk and where to find it. Isabella is confused but retrieves the mysterious disk. A week later, back in Chicago, Isabella finds what the disk really is. A list of names. Names of people who her father bribed. Immediately Isabella plans to turn the disk over to the FBI, but then she notices the name of her ex-lover Sandro Marchese. Dismayed by her discovery, Isabella is more than determined to turn the disk over to the authorities. But before Belle has a chance her house is broken into, her neighbor is murdered and she is on the run, all because somebody wants that disk. In desperation Belle is forced to turn to Sandro to help save her brother and her own life. Jasmine Cresswell has once again written a fast paced, exciting read. Although not as exciting as *The Disappearance* or *The Daughter*, *The Inheritance* is sure to please. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Interesting book Von Ein Kunde I've enjoyed Cresswell's paranormal books in the past and only recently discovered that she writes suspense fiction as well. I found *The Inheritance* hard to put down, not just because I wanted to know what happened next, but also because I was interested in the moral dilemma faced by the heroine, Isabella Joubert. She loves her father, but knows he's a criminal. She loves her sister and brother, but can't trust either of them. It's almost inevitable that she will also fall in love with a man she isn't sure she can trust. Add this complex family background to a romance and a suspenseful mystery and you have a great book!

**Kurzbeschreibung** A disk. A simple disk that named names. That was Isabella Joubert's inheritance from her father, a man she loved but could not trust. To right his wrongs, she was determined to turn the incriminating list over to the authorities. But danger was stalking her. Her home was ransacked, threats were made and people were turning up dead. Someone wanted the disk even more than Isabella. And she was forced to turn to Sandro Marchese, the man she'd left years earlier because of his willingness to sell his soul to the highest bidder her father. Sandro possessed secrets that could save her save them both from a traitor willing to forfeit innocent lives. But no matter where the disk landed, Isabella feared Sandro was doomed, for his name was on the list. **Kurzbeschreibung** A disk. A simple disk that named names. That was Isabella Joubert's inheritance from her father, a man she loved but could not trust. To right his wrongs, she was determined to turn the incriminating list over to the authorities.
