Von Guy New York : The Island on the Edge of Normal (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Island on the Edge of Normal (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Seriously good bookVon KblDThis book: A writer suffering through writer's block, James, comes to an island to live and work there for a while to clear his head from a bad break up. He lives with a family willing to let him work for

board and lodging because they have mutual acquaintances. He gets to know them and they are pretty nice. So far so good. "Rosamunde Pilcher" plus a few sex scenes. [I honestly more or less bought this as an experiment to read a "sex story" as that is what the author is more well known for. And yes, the author knows how to do those as he has proven more than once and does prove in this book.] But more importantly there is a good "story" in watching the characters develop and move - and more than one interesting character. The book captures the characters' development, their thoughts and personalities. And every person got one of those and does not have to be just there for the hero to talk at! Guy New York sketches different traits and backgrounds and lets you meet people you would wish to know or learn from in real life. I don't often read books that change my perspective as much as this one has. No, not 180 degrees, but the more realistic and longlasting 2 or 3 degrees that get you to live a bit differently each day. I am not sure why the quote on the back of the book makes it sound as if you were visiting the zoo to watch some weird animals do their thing, but: If you are interested in stories about different perspectives on life (or poly in particular), aren't shocked by a few mentions of sex (consensual!) or feelings and really like to carry a book you read in three hours with you for months, this one is for you. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The kind of book where you are sad because you already have finished reading it. Von Dondee All I can say is, that it wasn't what I expected but so much more. I am not going to write a summery you have to read it! You will fall in love to James, who is struggling with his life and who finds serenity, love and friends on a little island in Maine... in a totally unexpected way.

Kurzbeschreibung "Impossible to believe that this is a first novel. It feels so assured, so wise; and the "edge" of the title teaches us so much about internalized morality that the text is almost a manual of emotional intelligence.... Now, at last, the Age of the Internet is producing its own fine young novelists; one of them wrote this book." --Frank Delaney, NY Times Bestselling author of Ireland a Novel "If you've ever wondered what life would be like if jealousy were considered a bad habit to be minimized rather than a sign of true love to be celebrated, give this a read. I don't know any better window into the realities of such a life." --Dr. Christopher Ryan, NY Times Bestselling co-author of Sex at Dawn The first novel by Guy New York, The Island on the Edge of Normal, follows James from New York City to the coast of Maine where he struggles to forget his past by destroying his memories one page at a time. As he settles into his new life, he finds himself falling in love with Issa, the married woman whose house he is sharing. When he learns that Issa and Paul have an open marriage he's forced to make decisions he's tried hard to avoid. But the more comfortable he becomes, the more his past returns, until suddenly it arrives on the island in the form of Jane, the woman he's been trying so hard to forget. Even as James learns about non-jealous husbands, handsome tourists, and growing up on the edge of normal, he's still consumed by guilt, fear, and a deep-seated anger that he doesn't fully understand and can't let go. A tale of love, lust, and redemption, The Island on the Edge of Normal pushes the boundaries of what it means to create, destroy, and forgive. Sometimes he does both at the same time, much to the chagrin of his partners. He is the creator of the blog Quickies in New York, which has been featured in Playboy Espanol, Violet Blues Tiny Nibbles, and Fleshbot, among many others. In 2011 he and his partner in crime, The Dirty Gentleman, were voted #1 on Between My Sheets list of the top 100 sex bloggers. He has published numerous short stories, including Love Kink, Hana, and Winter to Spring. This is his first novel.
