Von Henry James : The Jolly Corner (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Jolly Corner (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich. Is This Guy for Real? Von Ein Kunde Taking Michael Crichton's word on Henry James is sort of like listening to Gary Coleman criticizing Olivier, or Milli (or Vanilli) carping about Mozart. First of all, in the above non-review, the reader assumes we "want to be swimming through crystal water," whatever that means. Well, I've swum through enough crystal water, and come away after the read with nothing. James's industrial strength extra chunky peanut butter sticks

with me long after I've put it down. "The Beast in the Jungle" OR "The Jolly Corner," two novellas, eclipse and obliterate the entire body of Crichton's work. Simple as that. "The Velvet Glove" is a great find - the limousine ride stuck in my mind. "The Birthplace" is a riot, too. Try them-0 von 1 Kunden fanden die folgende Rezension hilfreich. What's the fuss? Von Ein Kunde Michael Crichton said of Henry James: "I hate Henry James. His stuff reads like a first draft." For a pop writer, was Crichton ever right!!! Henry James is incapable of getting to the point. Reading Henry James is like swimming through a pool filled with peanut butter, when all you want is to swim through crystal water.

Kurzbeschreibung This book was converted from its physical edition to the digital format by a community of volunteers. You may find it for free on the web. Purchase of the Kindle edition includes wireless delivery. ber das Produkt This scholarly edition includes the final ten stories Henry James wrote, and presents satirical critiques of an increasingly narcissistic, acquisitive society. With its extensive textual history and wide-ranging notes, the volume will be of interest to James scholars and students of early twentieth-century Anglo-American culture.
