married refused to bathe and lived in a near pigsty? Hit him where it hurt. Put on the chastity belt and hide the Key!...Iliana escapes her wicked stepfather's plans, by agreeing to marry a wild Handsome Scots Laird. But she never dreamt what she would have to deal with. When she arrives she finds it is a bachelor keep, and since the death of Duncan's mother some two decades before, that he and his father have been living in horrid conditions and not sure when they last bathed. Iliana refuses to consummate their marriage, and Duncan is furious, not understanding why she should object to a couple decades of grime. So she does the only thing a thinking woman can do, put on the chastity belt, hide the key, and set about cleaning the castle. Duncan fails to appreciate all her hard work, so the key says hidden, but his father is slowly appreciating the positive side to having a female in the household. The humour is laugh out loud in the battle of will. Iliana is a strong character, surviving abuse and imprisonment and yet not broken in spirit. It is a wonderful warm and funny tale, from the talented mind of Lynsay Sands, the Queen of the Hysterical Historicals. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Die etwas andere Schottland-Romanze Von LoveLetter Magazin Um ihrem gewalttätigen Stiefvater zu entgehen, willigt Iliana Wildwood in eine Ehe mit dem schottischen Clansführer Duncan Dunbar ein. Als die kultivierte Iliana auf der Burg ihres Ehemannes eintrifft, ist sie berührt - von dem Gestank und dem Unrat, der sich in der heruntergekommenen Burg trübt. Leider ist der Gestank nicht nur dem Gemüer vorbehalten. Auch Duncan ist anzumerken, dass er bisher nur einmal im Jahr badete. Duncan ist wenig begeistert, den Lebensstil, der sich bei ihm und seinem Vater seit dem Tode seiner Mutter vor zwanzig Jahren eingeschliffen hat, aufzugeben. Er beobachtet die Aufrumarbeiten seiner Frau mit misstrauischem Blick. Insbesondere da Iliana sich auch beharrlich weigert, die Ehe zu vollziehen. Vor Jahren brachte ihr Vater ihr aus Italien als Kuriosität einen Keuschheitsgürtel mit. Genau den hat die einfallsreiche Schne nun angelegt und schwört, ihn nicht eher abzulegen, bis Duncan endlich seinen Widerwillen gegen das Baden aufgibt ...Lynsay Sands macht in diesem unterhaltsamen Liebesroman einen Aspekt des Lebens im Mittelalter zum Thema, der sonst diskret bergangen wird. Man fühlt mit der Heldin, die plötzlich in eine Umgebung versetzt wird, die eher an einen Schweinestall erinnert. Aber Iliana entwickelt sich schnell von der verwöhnten Lady zu einer resoluten und durchsetzungsfähigen Burgherrin, die sich auch in Krisensituationen zu helfen weiß. Die sympathischen Charaktere und viel Humor machen aus diesem originellen und gut geschriebenen Roman eine wunderbare Überraschung für alle, die glauben, dass zum Thema schottischer Liebesroman schon alles gesagt worden ist. 0 von 0 Kunden fanden die folgende Rezension hilfreich. She dons a chastity belt to discourage an odiferous husband. Von Joyously Retired Teacher Iliana escapes her evil stepfather by agreeing to a marriage with a Scottish laird, but she never dreamed she'd have to deal with a pigsty of a castle and a husband who smells like a pig and refuses to bathe more than twice a year! Duncan Dunbar and his father Angus have lived in a filthy bachelor household since Duncan's mother's death twenty years ago. Having never known anything else, Duncan is outraged when Iliana refuses to consummate the marriage until he takes a bath. Fortunately, she has brought with her a chastity belt (a gift from her dead father after a trip to Italy) which effectively discourages her husband's advances. Then she rolls up sleeves and sets the entire household to work scrubbing and cleaning a castle which has become an abomination after 20 years of neglect. Although her stubborn husband fails to appreciate her efforts, her father-in-law--remembering the way things used to be when his late wife was around--becomes her staunch defender and ally, advising his son that having a woman in the house has its advantages. Nevertheless, Iliana and Duncan have a great deal to learn about life and love before discovering the key leading to their own happiness. Iliana is a strong-willed, determined young woman who has survived abuse and imprisonment, and, in spite of being "only a female," she stands up for her beliefs in the face of her husband's disapproval. Surely the woman who cleverly masterminds the defense of the besieged fortress in the absence of her husband will eventually find a way to persuade him to bathe regularly! The humor in this book kept me enthralled from beginning to end. Although I'm not sure I believed the chastity belt premise too much--surely he could have snatched it away any time she had to answer nature's call--the humorous characters and situations made this one of the most original and enjoyable reads in a long time. I will definitely look for more books from this author.
