FascinatingVon starbooksIHThis is the amazing story of a (ex-) military dog handler and his faithful companion, Kane, a Belgian Malinois shepard.If you like dogs and are ever amazed by their abilities, you sure will like this one. The plot itself is about the hunt for a archaic plant, that might doom or save the world, depending on the person who will find it. I specially liked the scenes written from Kanes perspective. Not overdone, he still is a dog, but gives you

an interesting point of action. The hunt goes from Russia to South Afrika and the locations do come alive in the pages. Very well written, I enjoyed this book very much. I certainly will read more Tucker and Kane stories.0 von 0 Kunden fanden die folgende Rezension hilfreich. Tucker Waynesuper dog KaneVon Robert LambIf you like animal stories then this is for you.
