Von Stephen Leather : The Ladbyboy Lover (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ladbyboy Lover (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. A Happy Little Normal Family - Father, Mother... Von Miki101.Micha ... and a child - that was everything he wanted. And that was exactly how the whole story ended. And they lived happy ever after, but... Peter, ex-accountant from Birmingham, now permanent resident aka ex-pat since 35 years in Thailand, with a Thai wife and three kids, meets Jeremy in Jool's

Bar on his third day in Thailand. He is sipping away one Chang Beer after another, and soon John has got the whole story: Peter's wife left him for a taxi-driver, took the daughter and the dough. Peter was without home, but had a nest-egg for rainy days. Now he was in Bangkok, an unemployed, unhappy photographer, hoping for a new life in the Land of The Smiles...One evening Peter and Jeremy on the way to an other drinking place, passed the Casanova's - known for its ladyboys. But the last thing Jeremy expected when he moved to Thailand was to fall in love with a ladyboy. But that's exactly what happened. And all went well until he decided that the one thing Som and he need to have a perfect family was a baby. They found Wan as a perfect surrogate mother. Being from Isarn, her life has been everything but roses until now. But that is about to change, and soon, too...A happy, little, normal family - father - mother - child, was all he wanted. And he helped to create it...An other of Stephen Leather's exotic-erotic short stories, the narrative always without being vulgar. Very worth reading it! Highly recommended for all sexes - male, female and the third one, too :)!

Kurzbeschreibung The last thing Jeremy expected when he moved to Thailand was to fall in love with a ladyboy. But that's what happened. And all went well until he decided that the one thing he needed to create the perfect family was a baby. That's when it all went horribly wrong. The Ladyboy Lover is just under 10,000 words, about 30 pages, perfect if you have half an hour to kill. Stephen Leather is the author of Private Dancer, the bestselling cult book about the Bangkok bar scene. He is also one of the UKs most successful thriller writers and is published in more than twenty languages. He was a journalist for more than ten years on newspapers such as The Times, the Daily Mail and the South China Morning Post in Hong Kong. Before that, he was employed as a biochemist for ICI, shovelled limestone in a quarry, worked as a baker, a petrol pump attendant, a barman, and worked for the Inland Revenue. He began writing full time in 1992. His bestsellers have been translated into more than ten languages. He has also written for television shows such as Londons Burning, The Knock and the BBCs Murder in Mind series, and two of his books, The Stretch and The Bombmaker, were turned into movies.
