Buch in der Reihe herunter laden. Wer gerne Science-Fiction, Endzeit Romane, das Eintauchen in eine andere Welt mit anderen

Regeln und einen Blick auf den Sinn und Wert des Lebens möchte ist hier genau richtig. 0 von 0 Kunden fanden die folgende Rezension hilfreich. hmmm Von -Kundenaja ich hab es immer mal wieder gelesen, es hat echt ewig gedauert bis es fertig war. Ich musste mich echt zwingen um es zu lesen meistens abends um einschlafen zu können :) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr spannendes Endzeit-Szenario, düster und relativ plausibel Von Myon Ein sehr lesenswertes und spannendes Buch - hab mir gleich den nächsten Teil geholt und bin nun grad beim 3. und letzten Teil. Die Handlung ist kaum vorhersehbar und teils ausgesprochen düster aber auch recht plausibel. Wer Endzeitbcher mag wie z.B. ""Lucifer's Hammer" und ähnliche ist hier sehr gut aufgehoben. Die Leseprobe stimmt einen gut auf den Schreibstil ein und das Buch kriegt 5 Sterne von mir.

Kurzbeschreibung From Wall Street Journal bestselling author Joe Hart. A mysterious worldwide epidemic reduces the birthrate of female infants from 50 percent to less than 1 percent. Medical science and governments around the world scramble in an effort to solve the problem, but twenty-five years later there is no cure, and an entire generation grows up with a population of fewer than a thousand women. Zoey and some of the surviving young women are housed in a scientific research compound dedicated to determining the cause. For two decades, she's been isolated from her family, treated as a test subject, and locked away told only that the virus has wiped out the rest of the world's population. Captivity is the only life Zoey has ever known, and escaping her heavily armed captors is no easy task, but she's determined to leave before she is subjected to the next round of tests a program that no other woman has ever returned from. Even if she's successful, Zoey has no idea what she'll encounter in the strange new world beyond the facility's walls. Winning her freedom will take brutality she never imagined she possessed, as well as all her strength and cunning but Zoey is ready for war. Pressestimmen What if there were only 1,000 women left on the planet? This is the conceit of *The Last Girl*, and it's the kind of premise I live for. Part *Children of Men*, part *The Count of Monte Cristo* for the modern age, Joe Hart has written a rapturous, thought-provoking, impossible-to-put-down thriller that is destined to become the first BIG BOOK of 2016.
